Our Mission

Mission Statement

Our mission is to raise global economic prosperity through the frictionless exchange of financial value. This is not geared towards helping those already well knowledgeable in Crypto, but also to explicitly educate those without any form of crypto knowledge and help them step by step through the most simplified steps of investing in any digital asset.

BINTEYGAIN VENTURES

Bintexgain was founded on the belief that blockchains and digital currency will rewire the global economic system, creating a fundamentally more open, inclusive, efficient and integrated world economy. We envision a global economy where people and businesses everywhere can more freely connect and transact with each other with new technologies using digital currencies. We believe such a system can raise prosperity for people everywhere.

WHAT IS BITCOIN?

Bitcoin was created by Satoshi Nakamoto, a pseudonymous person or team who outlined the technology in a 2008 white paper. It's an appealingly simple concept: bitcoin is digital money that allows for secure peer-to-peer transactions on the internet.

WHAT IS ETHEREUM?

Ethereum is the second-biggest cryptocurrency by market cap after Bitcoin. It is also a decentralized computing platform that can run a wide variety of applications — including the entire universe of DeFi.

WHEN IS THE BEST TIME TO INVEST IN CRYPTO?

Cryptocurrencies like Bitcoin can experience daily (or even hourly) price volatility. As with any kind of investment, volatility may cause uncertainty, fear of missing out, or fear of participating at all. When prices are fluctuating, how do you know when to buy?

Conclusion

We are an award winning multinational company. We believe in quality and standard worldwide.
